

**Sierra Nevada Adaptive Management Project Integration Team
Meeting Agenda**

Division of Agriculture and Natural Resources Building, Plum Room, Davis, CA
May 27th – 10:00 to 1:00 pm

Adaptive Management Framework

Meeting Goal: The goal of the meeting is to further define the adaptive management loop, in this case focusing on the fire and forest health team data collection and analysis process.

I. Welcome and overview

- Background of Sierra Nevada Adaptive Management Project and the Integration Team

I. US Forest Service update (presentation and discussion)

- Proposed management direction of the USFS regarding SPLATs
- Treatment goals for projects
- Updates on project timelines from July 2007 to present
- Opportunity for input from participants

II. Fire and Forest Ecosystem Health Team Update (presentation and discussion)

- Research questions from the Science Team workplan
- Data being collected to “observe and measure” the treatment effects– initial results
- Fire and fuels models used to analyze observations and measurement
- Opportunity for input from participants

III. Next steps (discussion)

- Planning integration team meetings with other science teams

IV: Wrap up (discussion)

The purpose of integration team is "To close the gap in the Adaptive Management circle where scientific information is integrated into future management decisions. Part of the work is to develop and define indicators for management, and management decision making processes and commitments, working with stakeholders, MOUP, USFS, and UCST."

Logistics:

PLEASE RSVP, by e-mailing me at skocher@nature.berkeley.edu. Since the meeting room has a limited capacity, **we can only accommodate the first 30 people** that respond (including members of the science team). A working lunch will be provided. Your RSVP will also help us plan lunch.

Directions to the Division of Agriculture and Natural Resources (DANR building):

From I-80, take Highway 113 north. From 113, exit at Hutchison Drive. At the stop sign, turn LEFT (away from central campus), towards the UC Davis airport. Turn LEFT onto Hopkins Road (look for the second row of olive trees). The DANR Building is first building on the RIGHT.

From I-5, take Highway 113 south. From 113, exit at Hutchison Drive. At the stop sign, turn RIGHT (away from central campus), towards the UC Davis airport. Turn LEFT onto Hopkins Road (look for the second row of olive trees). The DANR Building is first building on the RIGHT.
