

Announcing a one-day workshop on:
**Collaboration in Natural Resources
Management**

Hosted by the Sierra Nevada Adaptive Management Project
<http://snamp.cnr.berkeley.edu>
(University of California Cooperative Extension outreach team)

October 21st, 2013, 10am to 4pm
Sierra Vista Presbyterian Church, 39696 Hwy 41, Oakhurst, Ca

Workshop Goal:

The goal of this workshop is to build on a SNAMP collaboration workshop series held in each location in Spring 2013. The objectives are to help improve communication by building facilitation skills within the many groups involved in collaboration in natural resource management projects. We will work to build a common language to support collaboration, share tools to prevent problems, and demonstrate interventions to support success when problems arise. These workshops are designed to support the building of a common knowledge base of collaboration skills through mutual learning and discussion. UC Cooperative Extension has developed training modules for all levels of natural resource management staff and stakeholders interested in developing these skills.

SNAMP collaborative field trip on the Tahoe National Forest involving multiple agencies and stakeholders.

Workshop Content:

This workshop will focus on detailed discussions of participants' real life experiences in the many collaborative efforts underway in the natural resource management world and will include practice and discussion of the most appropriate facilitation practices. We will also have two guest speakers -Craig Thomas from Sierra Forest Legacy and Larry Duysen from Porterville's Terra Bella Mill; both of whom have been very active in the Dinkey Creek Collaborative project.

Who Should Attend:

These one day workshops are open to prior workshop participants, as well as anyone interested in improving their collaboration and facilitation skill sets. Resource managers, private landowners, environmental activists concerned about natural resource management, recreationists, individuals interested in learning facilitation skills, and anyone engaged in a collaborative process are encouraged to attend.

Registration:

Registration is required and there is a \$15.00 lunch and materials fee at each workshop. Please register on-line at <http://ucanr.edu/camworkshop/>. For more information on the workshops please contact Anne Lombardo amlombardo@ucanr.edu (Oakhurst) or check the workshop web page <http://ucanr.edu/collaboration/>.
